RE: 2008 Consumer Confidence Report for PWS 0440090

Dear Bureau of Public Water Supply Officers:

Please find the attached copy of Weyerhaeuser Columbus Cellulose Fibers' 2008 Consumer Confidence Report access as provided to all facility personnel via a weekly newsletter called **Update**.

Please consider this communication as a means of compliance with CCR requirements.

If you have questions about the CCR, please contact me at 662 243-4223 or by email susie.andrews@weyerhaeuser.com.

Sincerely,
Weyerhaeuser Columbus Cellulose Fibers

Carol S. Andrews

2008 Consumer Report – Drinking Water

Last year, as in years past, CCF's drinking water met all U.S. Environmental Protection Agency (EPA) and Mississippi State Department of Health drinking water health standards. Weyerhaeuser CCF vigilantly safeguards its water supplies and once again we are reporting that our system has not violated a maximum contaminant level or any other water quality standard. Copies of the 2008 Consumer Confidence Report for Weyerhaeuser CCF's drinking water system are available by calling or emailing Susie Andrews, Environmental Engineer or Steve Roberts, Certified Waterworks Operator. Also available is the most recent copy of the Capacity Assessment Report completed for all public drinking water systems in the state of Mississippi.
