

**MISSISSIPPI STATE DEPARTMENT OF HEALTH
BUREAU OF PUBLIC WATER SUPPLY**
CCR CERTIFICATION FORM
CALENDAR YEAR 2012

2013 JUN 18 PM 3: 28

City of Meridian

Public Water Supply Name

0380005

List PWS ID #s for all Community Water Systems included in this CCR

The Federal Safe Drinking Water Act (SDWA) requires each Community public water system to develop and distribute a Consumer Confidence Report (CCR) to its customers each year. Depending on the population served by the public water system, this CCR must be mailed or delivered to the customers, published in a newspaper of local circulation, or provided to the customers upon request. Make sure you follow the proper procedures when distributing the CCR. **Since this is the first year of electronic delivery, we request you mail or fax a hard copy of the CCR and Certification Form to MSDH. Please check all boxes that apply.**

Customers were informed of availability of CCR by: *(Attach copy of publication, water bill or other)*

- Advertisement in local paper (attach copy of advertisement)
- On water bills (attach copy of bill)
- Email message (MUST Email the message to the address below)
- Other _____

Date(s) customers were informed: 05 / 31 / 13 , thru / , 06 / 30 / 13

CCR was distributed by U.S. Postal Service or other direct delivery. Must specify other direct delivery methods used _____

Date Mailed/Distributed: —>/ —>/ —> (see attachment)

- CCR was distributed by Email (MUST Email MSDH a copy) Date Emailed: / /
 - As a URL (Provide URL _____)
 - As an attachment
 - As text within the body of the email message

CCR was published in local newspaper. *(Attach copy of published CCR or proof of publication)*

Name of Newspaper: _____

Date Published: / /

CCR was posted in public places. *(Attach list of locations)* Date Posted: / / (see attachment)

CCR was posted on a publicly accessible internet site at the following address (**DIRECT URL REQUIRED**):

www.meridianms.org/ccr2012/ccr_report_fy_2012.pdf

CERTIFICATION

I hereby certify that the 2012 Consumer Confidence Report (CCR) has been distributed to the customers of this public water system in the form and manner identified above and that I used distribution methods allowed by the SDWA. I further certify that the information included in this CCR is true and correct and is consistent with the water quality monitoring data provided to the public water system officials by the Mississippi State Department of Health, Bureau of Public Water Supply.

Name/Title (President, Mayor, Owner, etc.)

6/17/13

Date

Deliver or send via U.S. Postal Service:
Bureau of Public Water Supply
P.O. Box 1700
Jackson, MS 39215

May be faxed to:
(601)576-7800

May be emailed to:

2013 JUN 18 PM 3:28

MERIDIAN

City of Meridian

A better longitude on life.

**2012 Annual Drinking Water
Quality Report
May 17, 2013**

The City of Meridian is pleased to present to you this year's Annual Water Quality report. This report is designed to inform you about the quality of the water we produce and services we deliver to you everyday. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and to protect our water resources. We are committed to insuring the quality of your drinking water.

Our water source consists of eight wells pumping from the LOWER WILCOX AQUIFER. The depth of these wells range from 747' to 948'. A source water assessment has been completed by the Mississippi State Department of Health and can be reviewed in the utility billing office at 311 27th Ave.

**THE CITY IS PLEASED TO REPORT THAT OUR
DRINKING WATER MEETS OR EXCEEDS ALL
FEDERAL AND STATE REQUIREMENTS.**

If you have any questions about this report or concerning your water utility, please contact Hugh Smith, Director of Utilities, at 4609 48th Place or call 601-484-6836. We want our valued customers to be informed about their water utility. If you want to learn more please attend our scheduled meeting on Tuesday, July 16th, 2013 at 4:00 PM, in the Auditorium on the 3rd floor of City Hall at 601 23rd Avenue.

The City of Meridian routinely monitors for 154 constituents or potential contaminants in your drinking water according to Federal and State Laws. Of these 154 constituents, we had 0 detects in 2012. The table on the back shows the results of our monitoring for the period of January 1st to December 31st, 2012.

As water travels over the land or underground, it can pick up substances or contaminants such as microbes, inorganic and organic chemicals, and radioactive substances. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some contaminants. It's important to remember that the presence of these contaminants does not necessarily pose a health risk.

QUESTIONS:

Please call our office if you have questions: **601- 484 -6836**.

We at the City of Meridian work around the clock to provide top quality water to every tap. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future.

Sincerely,

Monty Jackson, Public Works Director

MORE INFORMATION:

Infants and young children are typically more vulnerable to lead in drinking water than the general population. It is possible that lead levels at your home may be higher than at other homes in the community as a result of materials used in your home's plumbing. If you are concerned about elevated lead levels in your tap water, you may wish to have your water tested. You may also want to flush your tap for at least 30 seconds before consumption. Additional information is available from the Safe Drinking Water Hotline (1-800-426-4791).

Important Information Regarding Your Drinking Water

April 1, 2013

MESSAGE FROM MSDH CONCERNING
RADIOLOGICAL SAMPLING

In accordance with the Radionuclides Rule, all community public water supplies were required to sample quarterly for radionuclides beginning January 2007—December 2007. Your public water supply completed sampling by the scheduled deadline; however, during an audit of the Mississippi State Department of Health Radiological Health Laboratory, the Environmental Protection Agency (EPA) suspended analyses and reporting of radiological compliance samples and results until further notice. Although this was not the result of inaction by your public water supply, MSDH was required to issue a Violation. This is to notify you that as of this date, your water system has completed the monitoring requirements and is now in compliance with the Radionuclides Rule. If you have any questions, please contact Melissa Parker, Deputy Director, Bureau of

Public Water Supply, at 601-576-7518.

We are proud that your drinking water meets or exceeds all Federal and State requirements. All sources of drinking water are subject to potential contamination by substances that are naturally occurring or manmade. These substances can be microbes, inorganic or organic chemicals and radioactive substances. All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

VULNERABILITY:

Some people may be more vulnerable to contaminants in drinking water than the general population. Immune-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (1-800-426-4791).

MORE INFORMATION:

Fluoride. To comply with the "Regulation Governing Fluoridation of Community Water Supplies", the CITY OF MERIDIAN is required to report certain results pertaining to fluoridation of our water system. The number of months in the previous calendar year that the average fluoride sample results were within the optimal range of 0.7—1.3 ppm was 12. The percentage of fluoride samples collected in the previous calendar year that was within the optimal range of 0.7—1.3 ppm was 88%.

Lead. Infants and children who drink water containing lead in excess of the action level could experience delays in their physical or mental development. Children could show slight deficits in attention span and learning abilities. Adults who drink this water over many years could develop kidney problems or high blood pressure.

WATER QUALITY TEST RESULTS

Contaminant	Violation Y/N	Date Collected	Level or Range of Parameter Exceeded	Your Water	# of Samples Taken	Unit Measurement	MCLG	MCL	Likely Source of Contamination
Microbiological Contaminants									
Total Coliform	N	Jan-Dec	0		40/month	N/A	0	Presence in 5% of monthly samples	Naturally present in the environment
Fecal Coliform and E. coli	N	Jan-Dec	0		40/month	N/A	0		Human and animal fecal waste
Inorganic Contaminants									
Barium *	N	2009	029458		2	ppm	2	2	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Chromium *	N	2009	008753		2	ppm	1	1	Discharge from steel and pulp mills; erosion of natural deposits
Copper	N	2011-2013	0121		32	ppm	1.3	AL 1.3	Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives
Cyanide	N	Aug	<0.015		2	ppm	0.2	0.2	Discharge from steel/metal factories; discharge from plastic and fertilizer factories
Lead	N	2011-2013	.002		32	ppm	0	AL:15	Corrosion of household plumbing systems; erosion of natural deposits
Nitrate (as Nitrogen)	N	Feb	< 0.08		2	ppm	10	10	By product of drinking water chlorination
Nitrite (as Nitrogen)	N	Feb	< 0.02		2	ppm	1	1	By product of drinking water chlorination
Nitrate + Nitrite (as Nitrogen)	N	Feb	<0.1		2	ppm	10	10	By product of drinking water chlorination
Volatile Organic Contaminants									
TFM (Total trihalomethanes)	N	July	7.55		1	ppb	NA	80	By-product of drinking water chlorination
HAAs-Haloacetic Acids	N	July	9.0		1	ppb	NA	60	By product of drinking water chlorination
Chlorine (as Cl ₂) (ppm)	N	Jan-Dec	Low - High 0.60 - 3.30	Highest QTR RAA 2.00mg/L	40/month	ppm	4	4	Water additive used to control microbes
Radionuclides									
Uranium	N	Aug	<0.5		2	ppb	0	30	Erosion of natural deposits

* No Samples required in 2012.

TERMINOLOGY:

In this table you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions.

Parts per million (Ppm) or Milligrams per liter (mg/l) - one part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per Billion (Ppb) or Micrograms per liter (ug/l) - one part per billion corresponds to one minute in 2,000 years or a single penny in \$10,000,000.

Maximum Contaminant Level (MCL) - The "Maximum Allowed" - the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal - (MCLG) - The "Goal" - the level of a contaminant in drinking water below, which there is no known or expected risk of health. MCLGs allow for a margin of safety.

Quarterly (QTR) - occurring once every quarter of a year

Running Annual Average (RAA) - an annual average that is continuously calculated

DID YOU KNOW? The City of Meridian:

Was incorporated on February 10, 1860.

Has a population of 41,148.

Has approximately 17,579 water services in place with an average of 1,300 active accounts.

Maintains approximately 42.5 miles of water lines and 42.5 miles of sewer lines.

Has two freshwater treatment plants that produced 1.93 billion gallons of water in 2012.

Has two wastewater treatment plants that treated approximately 2.67 billion gallons of raw sewage last year

Maintains approximately 60 lift stations.

Covers 54.3 square miles.

Has 438 miles of paved streets.

Has 6,603 street lights

Employs 500 full time workers and approximately 30-80 part time workers during the summer

Bad Debt was less than .0085 of 1% of total services billed. For every \$100 billed all but \$.85 cents was collected.

Has 5 above ground storage tanks that have the total capacity of storing 12 million gallons of water.

Garbage							19.80
Tax							1.16
CUT OFF DATE 06/18/2013					TOTAL DUE		54.02

Should your bill reflect a previous balance, payment of the previous balance is due immediately. Failure to pay the previous balance may result in an interruption of service. **Due date and cut-off date apply only to current charges.** Failure to receive a bill does not release customer from obligation to pay.

Payment Options

- By Bank draft. Please call and a customer representative will help you.
- By Mail. Make checks payable to: City of Meridian. Use the envelope provided for your mail-in. Do not send cash.
- At Trustmark Bank Drive-Thru, 700 23rd Ave. (All payments received here will be posted the following business day)
- At Night Drop. Located on the sidewalk at the 6th Street entrance of City Hall.
- In Person at City Hall, 601 23rd Ave.

All charges are due by the due date. Any previous balance is subject to disconnection.
