RECEIVED-WATER SUPPLY

We're pleased to present to you this year's Annual Drinking Water Quality Report. The report details the quality of the water and the actions we've taken to ensure it's safe and healthy. We've also included information on how you can help us improve the quality of the water in your area. We want to thank you for your support and for the information you've provided to help us make the water in your area safer and healthier.

The annual water quality report has been prepared by the public water system to describe the current condition of the drinking water supply to the public. The report is required by the Federal Safe Drinking Water Act (SDWA) and the Environmental Protection Agency (EPA). The report is a public document and is available to all members of the public. The report is prepared by the public water system and is subject to public review and comment. The report is prepared by the public water system and is subject to public review and comment.
