- d. other services as approved by the licensing agency
- e. medical supplies, other than drugs and biologicals, and the use of medical appliances

Skilled Nursing Services shall mean patient care services pertaining to the curative, restorative, and preventive aspects of nursing performed by or under the supervision of a registered nurse pursuant to the plan of treatment established in consultation with appropriate members of the care team. Skilled nursing service is nursing care emphasizing a high level of nursing direction, observation and skill.

* If one person is admitted and served on two different occasions, that would count as two patients served. If the patient receives two or more services, he would be counted in each service rendered but would only be counted once in 'total' regardless of the number of services received. 'Total' is not a cumulative total of the service categories.
