(The Acknowledgement of Paternity affidavit may be rescinded under Rule 19 – Rescission of acknowledgement of paternity, or superceded by court order. Once a rescission has been filed the father’s information will be removed from the birth certificate and the surname of the child will be changed to the legal name of the mother at the time of birth.)
4. **Court-determined paternity.** Any petition, bill of complaint, or other proceeding filed in a court of competent jurisdiction may result in a determination of paternity. Court determined paternity shall take precedence over all other methods of assigning paternity.

Rule 18—Surname of child

The surname of the child shall be determined in the following manner:

3. **Mother not married; acknowledged father.** If the mother was not married at the time of conception or birth, or at any time between conception and birth, and the natural father acknowledges such paternity, the surname of the child shall be that of the father except that a statement signed by both the listed mother and the acknowledged father, witnessed by a health facility representative, and filed at the same time the birth certificate is filed may alter this rule. The Acknowledgement of Paternity affidavit may be rescinded under Rule 19 – Rescission of acknowledgement of paternity, upon rescission the father’s information will be removed from the birth certificate and the surname of the child will be changed to the legal surname of the mother at the time of birth.
4. **Court-determined paternity.** In the event of court-determined paternity, the surname of the child shall be that of the father, unless the judgment specifies otherwise.

Rule 19 – Rescission of acknowledgement of paternity

In those cases where the mother was not married at the time of either conception or birth, or at any time between conception and birth, and the mother and natural father acknowledge such paternity by affidavit, either the mother or the acknowledged father may rescind the acknowledgement within the earlier of sixty (60) days of the date of the signature on the Acknowledgement of Paternity affidavit or the date of a judicial proceeding relating to the child, including a proceeding to establish a support order, in which the signatory is a party. This rescission rule also applies in cases where the mother and father married after the birth of the child and legitimized the child by affidavit. This rescission rule does not apply to a legitimation affidavit in cases where the mother and father were married prior to the birth of the child but the fact was not listed on the certificate of live birth.

No individual identifying information shall be made available in these statistics.

106 Amendments to Birth Certificate

Mississippi statutes authorize alteration of birth certificates only when the original birth facts are incorrectly recorded. An omission in this context is considered to be an error.

Rule 31—Amendment of obvious errors

In the process of registering a birth, the State Registrar is charged with responsibility of ensuring, insofar as is administratively possible, the completeness of the record. To this end, during the first year after the date of birth, the State Registrar or designated representative will examine each certificate for obvious errors and make any necessary corrections. Obvious errors, include the transposition of letters in words of common knowledge, the provision of misinformation, and/or omissions of information. Correction of these errors may be made based on either telephone or written query to the facility of birth and/or mother as shown on the birth certificate. When amendments to obvious errors are made by the State Registrar, a notation as to the source of the information, together with the date the change was made and the initials of the authorized agent making the change, shall be made on the certificate in such a way so as not to become a part of any certification issued. The certificate is not to be considered nor marked as having been amended. Correction of obvious errors does not include, the placement of given names, adding or dropping a given name, nor, generally, spelling of the names.

106.01 Amendment by Affidavit (§41-57-21).

Rule 32—Minor errors and omissions

1. Certificates which have missing information or the incorrect recording of the child's first name, middle name(s), sex, or date of birth by one (1) day may be amended by affidavit with proof of the facts. Omissions or incorrect recording of both or either parent's given name, place of birth, date of birth, or race, excluding designation as a member of a native American tribe, may also be corrected by affidavit with proof of the facts. Affidavits must contain notarized signatures of two (2) reputable persons having personal knowledge of the facts (in the order of priority specified in Rule 25 part 104.02 of this document). Proof of the facts must be at least one piece of documentary evidence, showing the type of document and a date five (5) years or more prior to the request, which supports the item to be corrected. The documentary evidence must also contain sufficient identifying information that is consistent with the same type of information on the birth certificate. From the date of birth up to but not

including the date three (3) calendar months after the date of birth, corrections in the placement of given names, adding or dropping a given name but not both, or corrections in the spelling of a given name where it does not change the pronunciation of the name may be made by affidavit without the proof requirement.

2. At the discretion of the State Registrar and commensurate with the age of the person named on the certificate, all or part of the requirements for documentary evidence may be waived. Conversely, should there be any question concerning the validity of the affidavit or documentary evidence, the State Registrar may require a Mississippi chancery court order prior to making the correction.
3. Anyone giving false information in such affidavit shall be subjected to the penalties of perjury. Attempts to change a record through fraudulent means will result in no change to the record and all documents pertaining to the record will be turned over to the appropriate law enforcement agency for investigation.

Rule 33—More than one amendment to an item

Once an amendment of an item is made on a birth certificate, that item shall not be amended again unless a court order is received from a court of competent jurisdiction within the state of Mississippi. Note: The witnessed statement giving a child a non-traditional surname, filed with the birth certificate by the facility of birth, is not considered an amendment to the name item.

Rule 34—Methods of amending certificates

1. Certificates shall be amended by eradication of the item to be amended and insertion of correct data. Original information contained in the certificate shall be preserved for reference and placed on the certificate in such a way so as not to become part of any certification. When such amendments are made, a notation as to the source, date of amendment and initials of the authorized agent shall be included on the certificate.
2. Where the item was left blank on the existing certificate, amendments shall be made by completing the items, with a notation as to source, date of amendment and initials of the authorized agent placed on the certificate in such a way so as not to become part of any certification.
3. Excepting only adoptions, the change authority and the date of change shall be legible on any certified copy issued. The certificate shall contain an entry in the margin amended by authority of Section...of the Mississippi Code of 1972, Annotated. Where the change was based upon a rule, the

Mississippi Board of Health authority to make rules and regulations, Section 41-3-17 will be referenced.

106.02 Legitimation by Affidavit (§93-17-1(2)).

Rule 35 – Legitimation by marriage of natural parents

The affidavit of the natural parents of an illegitimate child, submitted with proof of marriage between the parties, shall result in the addition of the father's name, race, age at time of birth or date of birth, and state of birth to the child's birth certificate, and change the child's surname to that of the father, provided that no father is listed on the certificate on file. If another man is named as father on the birth certificate, this name may only be changed pursuant to an order from a chancery court, or the Chancellor in vacation of the county of residence of the petitioner, or any chancery district of the state if the petitioner is a nonresident. When the natural parents were married prior to the birth of the child, but the father's information was not contained on the filed certificate, the affidavit shall correct the omission of the father's information. Signatories in this case cannot rescind the acknowledgement and any action to remove the father shall be by Chancery court order.

When the natural parents marry after the birth of the child, the affidavit amends the birth record by providing the father's information and changing the surname of the child to that of the father. In this case a signatory can rescind the acknowledgement in accordance with Rule 37, part 106.03 of this document.

106.03 Filiation or Paternity (§41-57-23, §93-9-9, §93-9-28).

Rule 36 – Acknowledgement of paternity by affidavit

Acknowledgments of paternity by the natural father may be done by affidavit provided no father is listed on the birth certificate of the child. If a father is listed or the mother was married at conception or birth, or any time between conception and birth, a court order shall be required. Acknowledgement of Paternity affidavit must be signed by both the mother and natural father, contain a notary seal for both signatures, indicate the date signed, and be filed with the office of vital records. When an Acknowledgement of Paternity affidavit is filed the father's information shall be added to the birth certificate and the surname of the child shall be changed to that of the father.

Rule 37 – Rescission of acknowledgement of paternity

A signatory may, in accordance with §§41-57-23(3) and 93-9-9(4), rescind an Acknowledgement of Paternity affidavit by completing and filing with the office of vital records a Rescission of Acknowledgement of Paternity affidavit. The person signing a rescission affidavit must sign his or her name in the same manner as the signature on the Acknowledgement of Paternity affidavit. The signature must be notarized and the date signed must be within 60 days of the

date of the signature on the Acknowledgement of Paternity filed with the office of vital records. After a rescission has been filed the father's information will be removed and surname of the child will be changed to the legal name of the mother at the time of birth, in accordance with Rule 19, part 103.04 of this document.

106.04 Amendments by Court Order (§41-57-23, §93-17-1).

Proceedings brought under this section (§41-57-23) must be brought against the Board of Health. It suggested that any court action be based upon the certificate on file with the Board of Health. The petition should set out the error to be corrected, and include any documentation or other evidence upon which the claim of an error is based. A certified copy of the subject certificate and any documentary support of the petition should be attached as exhibits. In the absence of any support for a claim, the Board of Health will base its answer on the prima facie facts on the birth certificate on file. Court proceedings may be brought under section 93-17-1 when the parents have married subsequent to the birth of their child. The Board of Health is not a necessary party to actions under this statute, however enactment hereunder does not necessarily entitle a change to a birth certificate.

106.05 Amendment of a Delayed Registration Birth Certificate

Rule 33—Amending delayed birth certificates

Amendments to delayed birth certificates shall be made only upon the receipt of an order of a court of competent jurisdiction.

106.06 Court Order Changes which are not Corrections to Birth Facts (§93-17-1).

A name change, which is not a correction to the birth facts shall, upon receipt of a certified court order and required fee, be added to the birth certificate as a marginal notation of the fact. The birth name shall not be eradicated and the name changed shall not be put in the birth name place. The face of the certificate shall be stamped to indicate the legal authority under which the name was changed and the date of the change.
