

MISSISSIPPI STATE DEPARTMENT OF HEALTH

Public Health Program Specialist III

3 contract positions available

The MSDH STD/HIV Office seeks three Public Health Program Specialists III for the Medical Monitoring Project. The Medical Monitoring Project collects data on, and provides information about the behaviors, clinical outcomes, quality of care, and barriers to care and viral suppression among people with diagnosed HIV. The employees will be responsible for participant recruitment, conducting participant interviews, data collection, and performing medical record abstractions.

Must have a health or science-related background and the ability to conduct basic research and analysis.

Typically requires a bachelor's degree and 4+ years of experience.

Estimated pay range: \$17-\$23/hourly, based on experience.

Interested candidates should submit a résumé to: Eulondra.George1@msdh.ms.gov
