Students go through the normal School of EMS program, where didactic content is provided online via Canvas, similar to all classes we offer. This location will be used to deliver skill training and initial pre-clinical sign-offs with instructors on site. High-stakes skills sign-offs are done through the main campus. Equipment is provided by SOE.

To register for this course, please visit the following link. <https://www.schoolofems.org/programs/>. If you have any questions or need assistance, please email admissions@schoolofems.org (<mailto:admissions@schoolofems.org>)
