

Annual Community Outreach and Trauma Injury Prevention Event

North District Hospitals

Hosted by Baptist Memorial Hospital-DeSoto

Join us for a community outreach and trauma injury prevention event that brings together healthcare professionals, first responders, and local organizations to promote safety awareness, emergency preparedness, and injury prevention education. Through engaging demonstrations and practical information, attendees will gain tools to help prevent injuries and respond effectively when emergencies occur.

Hospital representatives and EMS providers are also invited to visit educational tables, connect with community partners, and gather valuable injury prevention resources to share within their own communities.
