Obituaries

Martha Mills Deal

Martha Susan Mills Deal, 91, died Wednesday, May 30, 2018.

Martha was born in Malden, Mo. February 16, 1927 to the late William Everett and Mannie (Berry) Mills. She was a homemaker and a mem-

ber of First Presbyterian Church in Shreveport.

Visitation will be held Tuesday, June 5, 2018 at 10 a.m. at Dickins Funeral Home in Batesville, with a graveside service following at Antioch Cemetery, Courland.

Mavis Rodgers Marquis

Mavis Avenelle Rodgers Marquis, 89, of Walls, formerly of Batesville, died Friday, June 1, 2018, at her residence.

The funeral service will be at Wells Funeral Home Thursday, June 7, at 12 p.m. with Rev. Ed Temple of the First United Methodist Church officiating with interment to follow in Forrest Memorial Parke.

The family will receive friends at Wells Funeral Home Wednesday evening, June 6, from 5 to 8 p.m. and also one hour prior to the service on Thursday.

Mavis was born in Mississippi on May 2, 1929, to the late George and Estelle (Griffin) Rodgers. She had retired from Johnson and Johnson.

Mary Poe Morrow

Mary Elizabeth Poe Morrow, 88, of Batesville, died Friday June 1, 2018 at NW MS Regional Medical Center in Clarksdale.

Miller officiated. Wells Funeral Home had charge of arrangements.

Mary was born May 15, 1930 to the late Charles Hick Poe and Rebecca Elizabeth Wilmoth Poe in Blue Springs. She was a homemaker and a member of Locke

Viola Angle Vaughn

Viola Ladell Angle Vaughn, 87, of Senatobia, died Tuesday, May 29, 2018, at Baptist Memorial Hospital - DeSoto in Southaven.

Mrs. Vaughn was born on November 27, 1930 in Darling to the late Quill and Lela Argle. She was a member of Crenshaw Church of God and a member of the Eastern Star in Arkabutla.

She worked for the William Carter Company in Senatobia in her early years and always worked the polls on election day.

Funeral services were held Saturday, June 2, 2018, in the Senatobia Chapel of Ray-Nowell Funeral Home with Bro. Hal Johnson officiating. Interment followed in Longtown Cemetery near Crenshaw.

Jerry Willard

Jerry "Goose" Willard, 64, of Sardis, passed away June 2, 2018 at Panola Medical Center.

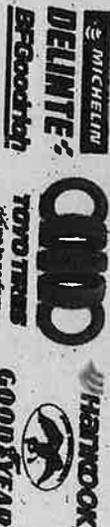

He is survived by his daughter, Amy Willard of Senatobia, MS; sister, Barbara Willard Red (Rannas) of Sarah, MS; grandchildren, Laiken Willard (Dylan Gunn) and Harper Uiberall; great-grandchildren,

Axel Gunn and Jaxston Gunn and sister in law, Betty Willard of Southaven, MS. He was preceded in death by his parents, Raymos and Flossie Willard and his brother, Russ Willard.

A memorial service will be held June 7, 2018 at 6 p.m. in the Chapel of Pate-Jones Funeral Home.

2017 Annual Drinking Water Quality Report

Mr. Oliver Water Association
 PWS ID # MS 0540013
 May 30, 2018

We're pleased to present to you this year's Annual Water Quality Report. This report is designed to inform you about the quality water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. Our water source is two wells, drawing from the Tallahatchia Formation Aquifer.

Our source water assessment has been completed for our public water system to determine the overall susceptibility of its drinking water supply to identify potential sources of contamination. A report containing detailed information on how the susceptibility determinations were made has been furnished to our public water system and is available for viewing upon request. The wells have received a moderate susceptibility ranking to contamination. This report shows our water quality and what it means.

If you have any questions about this report or concerning your water utility, please contact Don Phelps at 662-609-2509. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are held on first Monday of each month at 7:00 p.m. at the Mr. Oliver Fire Department.

Mr. Oliver Water Association Water System routinely monitors for constituents in your drinking water according to Federal and State laws. This table shows the results of our monitoring for the period of January 1st to December 31st, 2017.

As water travels over the land or underground, it can pick up substances or contaminants such as microbes, inorganic and organic chemicals, and radioactive substances. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some constituent. It's important to remember that the presence of these constituents does not necessarily pose a health risk.

In this table you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions:

Action Level - the concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.

Treatment Technique (TT) - A treatment technology is a required process intended to reduce the level of a constituent in drinking water.

Maximum Contaminant Level - The "Maximum Allowable" (MCL) is the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal - The "Goal" (MCLG) is the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Parts per million (ppm) - Milligrams per liter (mg/L).

Parts per billion (ppb) - Micrograms per liter (µg/L).

TEST RESULTS

Constituent	Violation	Date	Level	Range of Dates or # of Test Samples Exceeding MCL/ACT	MCL/ACT	MCL	Ready Source of Contamination
	Y/N						

Abbreviations & Definitions By: P-17-01-01
