

**2022 CDC EHDI  
Hearing Screening and Follow-up Survey (HSFS)**

Contact Information	
Name	Dr. Ashten C. Yost
E-mail	<a href="mailto:ashten.yost@msdh.ms.gov">ashten.yost@msdh.ms.gov</a>
Confirm E-mail	<a href="mailto:ashten.yost@msdh.ms.gov">ashten.yost@msdh.ms.gov</a>
State/Territory*	Mississippi

*\*Please use dropdown bar to select State/Territory.*

The following navigation bar is available on all worksheets.  
Click on a tab to jump to the corresponding sheet.

**Directions:**

Please complete the following survey with only documented, non-estimated data for infants born between January 1, 2022 and December 31, 2022. Any comments and/or caveats about the reported data can be entered in the Final section at the end of the survey. If you have any questions about this survey, please refer to the Explanations document or contact Suhana Ema ([sema@cdc.gov](mailto:sema@cdc.gov)).

**Survey Notes:**

The survey is divided into three parts, which each have several different sections. These include Part 1 (Screening, Diagnostic, and Intervention Data), Part 2 (Type and Severity of Hearing Losses), and Part 3 (Demographics).

Data cannot be manually entered into fields highlighted in **green**. The totals for these green fields will be automatically calculated based on the data entered into the **yellow-highlighted** fields.

To navigate through the survey use the menu bar located near the top of each survey page and click on the desired section (e.g., "Diagnostic Data").

**Part 1: Screening, Diagnostic, and Intervention Data**

[Screening Data](#)

[Diagnostic Data](#)

[Intervention Data](#)

[Additional Cases Not Reported](#)

<b>2022 Hearing Screening Data</b>	
<b>Total Occurrent Births<sup>∞</sup></b>	33,683
Total Occurrent Births According to Vital Records	33,683
<b>Optional: Total Occurrent Homebirths</b>	297
<b>Overall Documented Screening Results (Most Recent/Final Screen)</b>	
<b>Total Documented as Screened</b>	30,611
<b>Passed (most recent/final screen)</b>	
Total Passed (most recent / final screen)	29,330
<i>Passed: Before 1 Month of Age</i>	29,090
<i>Passed: After 1 Month of Age</i>	240
<i>Passed: Age Unknown</i>	0
<b>Not Passed (most recent/final screen)</b>	
Total Not Passed (most recent / final screen)	1,281
<i>Not Passed: Before 1 Month of Age</i>	1,250
<i>Not Passed: After 1 Month of Age</i>	31
<i>Not Passed: Age Unknown</i>	0
<b>Detailed Screening Results (if applicable)</b>	
<b>Passed (most recent/final screen)</b>	
<i>Passed initial / No outpatient</i>	22,332
<i>No initial/ Passed outpatient</i>	1,308
<i>Passed initial / Passed outpatient</i>	68
<i>Referred initial / Passed outpatient</i>	5,622
<b>Total Passed (most recent/final screen)</b>	29,330
<b>Not Passed (most recent/final screen)</b>	
<i>Referred initial / No outpatient</i>	1,065
<i>No initial/ Referred outpatient</i>	76
<i>Passed initial / Referred outpatient</i>	27
<i>Referred initial / Referred outpatient</i>	113
<i>Referred or no initial / straight to diagnostic evaluation</i>	0
<b>Total Not Passed (most recent/final screen)</b>	1,281
<b>No Documented Screening / Undetermined (Most Recent/Final Screen)</b>	
<b>Total Documented as Not Screened</b>	3,072
Straight to Diagnostic Evaluation	0
<i>The sum of the value entered in this field and the value for Total Not Passed will automatically populate into Diagnostic Data section.</i>	
Infant Died	194
Non-resident/Moved Out of Jurisdiction	0
Unable to be Screened due to Medical Reasons	3
Parents / Family Declined Services	9
Infant Transferred and No Documentation of Screening	456
Homebirths	297
Parents / Family Contacted but Unresponsive	0
Unable to Contact	75
Unknown	2,038
Other	0
<b>Total Occurrent Births<sup>∞</sup></b>	33,683

**Notes:**

See the HSFS Explanations document for the definitions

<sup>∞</sup> The value for the "Total Occurrent Births" field at the bottom of this table must match the value reported for the "Total Occurrent Births" field at the top of this table. If there is any difference you will receive an error message. If received, please make sure to correct this error before continuing to the next section.

**Part 1: Screening, Diagnostic, and Intervention Data**

[Screening Data](#)

**[Diagnostic Data](#)**

[Intervention Data](#)

[Additional Cases Not Reported](#)

**2022 Diagnostic Data**

<b>Total Not Passed (most recent/final screen)</b> <i>This is the sum of infants not passing most recent/final hearing screening and infants who did not receive hearing screening due to being sent straight to diagnostic evaluation, as reported in previous Screening Data section.</i>	1,281
--	-------

**Documented Diagnosis (please report initial diagnosis)**

<b>Total with Documented Diagnosis</b>	555
--	-----

**Diagnosed with No Permanent Hearing Loss**

<b>Total with No Hearing Loss</b> <i>This is the sum of infants with no hearing loss and infants with transient hearing loss.</i>	436
<i>No Hearing Loss: Before 3 Months of Age</i>	360
<i>No Hearing Loss: After 3 Months of Age</i>	59
<i>No Hearing Loss: Age Unknown</i>	17

**Diagnosed with Permanent Hearing Loss**

<b>Total with Permanent Hearing Loss</b>	57
<i>Permanent Hearing Loss: Before 3 Months of Age</i>	25
<i>Permanent Hearing Loss: After 3 Months but Before 6 Months of Age</i>	14
<i>Permanent Hearing Loss: After 6 Months of Age</i>	18
<i>Permanent Hearing Loss: Age Unknown</i>	0

**Diagnosed with Transient Hearing Loss**

<b>Transient Hearing Loss</b>	62
<i>Transient Hearing Loss: Before 3 Months of Age</i>	37

**No Documented Diagnosis / Undetermined**

<b>Total with No Documented Diagnosis</b>	726
<i>Audiological Diagnosis in Process (Awaiting Diagnosis) Only applies to infants seen at least one time and have a follow-up appointment scheduled.</i>	46
<i>Infant Died</i>	8

**Notes:**  
 \* The row values reported for the "Totals (from Part 1)" fields at the top of this table must match the row values reported for the "Totals" fields, for each demographic variable. If there is any difference you will receive an error message. Red shading will indicate the cell(s) with an error. If received, please make sure to correct the error(s) before submitting the survey.

**Supplemental Section (new)**

**Notes:**

- Family-to-family support is an area of interest to HRSA MCHB and other EHDI partners. The following questions have been added to the HSFS to help explore the feasibility of collecting information about this area of interest.
- Completing this section is not required. It is optional.
- Please only report family-to-family support information for babies reported to have permanent hearing loss in the Diagnostic Data section of the HSFS.
- CDC will not use this information for any current CDC EHDI cooperative agreement or other performance measures.
- CDC will provide this information to HRSA MCHB and interested partners, along with a summary of limitations.
- Partners will not publicly share this information.

**Definitions:**

**Family-to-family support** is defined as "support from a trained parent/caregiver of a child who is D/HH (i.e., has a child with a hearing loss/atypical hearing) providing support to families with a child who is D/HH (i.e., has a child with a hearing loss/atypical hearing); family support could include any parent, primary caregiver or guardian."

**Referred** is defined as "the receipt (sharing per program agreement protocol) of contact and pertinent information from an entity (e.g., EHDI or EI program, another family, or provider) to the family-based organization (FBO) for any child with suspected or confirmed permanent atypical hearing in one or both ears. The information is received for the purpose of offering, providing, and/or enrolling in family-to-family support."

**Enrolled** is defined as "the two-way verbal and/or written acceptance (as agreed upon between the EHDI program and the FBO) to participate in family-to-family support services followed with documentation by the FBO into the designated data system(s)."

The above definitions can be found here: [https://www.infantheating.org/webinars/docs/FEHDI\\_Definitions\\_10Dec2020\\_Final%20DRAFT.pdf](https://www.infantheating.org/webinars/docs/FEHDI_Definitions_10Dec2020_Final%20DRAFT.pdf)

**Questions:**

1. Do you collect family-to-family support information about referral that meet the definitions? <i>(Please click gray box to see dropdown menu)</i>	Yes
2. <i>(If answered Yes to #1)</i> How many infants born in 2022 with permanent hearing loss were referred to family-to-family support?	57
3. Do you collect family-to-family support information about enrollment that meet the definitions? <i>(Please click gray box to see dropdown menu)</i>	Yes
4. <i>(If answered Yes to #3)</i> How many infants born in 2022 with permanent hearing loss were enrolled in family-to-family support?	30

Home Page

Part 1:  
Screening,  
Diagnostic, and  
Intervention Data

Part 2: Type and  
Severity of  
Hearing Losses

Part 3:  
Demographics

Supplemental

Final

**Final**

**Comments:**

Please use this section to enter any comments and/or caveats about the reported data (2,500 character limit).

No documented screening: "Unknown" includes 794 children screened with an OAE instead of an AABR contrary to state policy. / No documented diagnosis: Unable

**Check for Errors:**

Please refer to the list below to check for outstanding errors in the survey. If there are any red fields, please navigate to the appropriate tab and fix the error before submitting.
