Project Management Manager, MSI 7 (Health Equity Director)
The Office of Health Equity is under the direction of the Office of Preventive Health and Health Equity and is responsible for the oversight of health equity activities for reducing health disparities and promote optimal health for our most vulnerable populations. The Director will manage overall health education and outreach activities for health equity and disparity elimination programs which include community outreach, language access, and health inequities. This role will also be responsible for identifying, engaging, and convening community leaders and stakeholders for addressing culturally responsive services and addressing social determinants of health.

Annual Salary Range: $61,413.94

Location(s): (1) Hinds County

Qualifications: A Bachelor’s Degree from an accredited four-year college or university in epidemiology, public health, statistics, biostatistics, health planning, or health care administration; (5) years of experience directly related to the described duties.

Special Experience: Employment must have been in a professional capacity in an area of work related to the functional responsibility of the division in which the position exists. In those divisions where registered specialists provide the primary source of functional and technical knowledge for planning and accomplishing the mission of the division, the incumbent may also be required to be registered and experienced in that profession. Work experience must have included supervising and coordinating a variety of functions.

How to Apply: Interested applicants should apply at www.mspb.ms.gov and/or submit their resume to recruitment@msdh.ms.gov with (Health Equity Director) Program Specialist Supervisor in the subject line.
