

MISSISSIPPI STATE DEPARTMENT OF HEALTH

The MS State Department of Health is seeking to fill a Epidemiologists II. Second-level professional epidemiologist, responsible for carrying out a broad and complex range of investigative and analytical epidemiologic activities related to the research, surveillance, detection, and prevention of diseases and injuries. Works independently or as an experienced team or project member, providing epidemiologic expertise for specific programs or more complex individual epidemiologic analyses. Work involves overseeing and conducting advanced-level professional epidemiologic work by managing methods of collecting, analyzing, and disseminating data related to leading causes of morbidity and mortality. This level of epidemiologic work includes developing and designing methods of collecting, analyzing, and disseminating data and requires general, and in some cases specific, understanding of program processes and methods for prevention, intervention, and control of diseases of public health importance.

The Epidemiologists II will work under the supervision of the Office Director and coordinate statewide STD activities. The incumbent will serve as liaison between the STD/Office and local offices, state agencies, federal agencies/programs, and the communities. The incumbent will ensure all STD programs objectives including grant agreements are achieved.
