# CHANGES OF OWNERSHIP OR CONTROL OF HEALTH CARE FACILITIES UNDER MISSISSIPPI STATE BOARD OF HEALTH LICENSURE REGULATIONS

This regulation defines what constitutes a change of ownership or control necessitating notification of the Health Planning and Resource Development Division, Mississippi State Department of Health, and for purposes of issuing licenses to new owners/controllers by the Division of Licensure and Certification, Mississippi State Department of Health.

<u>Definitions</u>: The following definitions shall apply to this regulation:

# A. Ownership:

- 1) That person, persons or entity ultimately responsible for the control of the day-today operations of the facility, as well as long-range planning and control; also
- 2) That person, persons or entity legally responsible for the liabilities which accrue by virtue of operation of a facility.

# B. Change of Ownership:

Any mechanism which transfers actual or operational control from one (1) or more persons or entities (owner) to another person, group of persons or entity (owner).

# **Examples**:

- 1) The following illustrate, by way of example, the principle of changes of ownership. They are non-inclusive.
  - a. Transfers of title to the business enterprise. While this may include transfers of title to the real property constituting the facility, a transfer of title to the realty is not necessary to establish a change of ownership.
  - b. Changes in form of business enterprise, such as:
    - i) Formation of corporation or partnership by a sole proprietor.
    - ii) A proprietorship which elects to incorporate changes in ownership.
    - iii) A sale, gift or exchange of stock which results in a fifty percent (50%) or more change of stock ownership. For example, before a sale of stock, the ownership of A Corporation is as follows:

	Percent Shares
<u>Shareholder</u>	Owned
Mr. X	17
Mr. Y	22
Ms. Z	21
Ms. C	05
Mr. D	<u>35</u>
Total	<u>100</u>

After a stock sale, the proportion of ownership is as follows:

<u>Shareholder</u>	Percent Shares Owned	Percentage Change
Mr. X	17	0
Mr. Y	35	13
Ms. C	35	30
Mr. M	13	_13
		56

There has been a change of ownership of A Corp for licensure and certification purposes, for Certificate of Need purposes.

- iv) When two (2) or more corporations merge, with the corporation holding the Mississippi health care facility surviving, no change of ownership has occurred. However, if the non-surviving corporations owned defined health care facilities, a change of ownership has occurred with respect to those facilities.
- v) Consolidation of two (2) or more corporations resulting in a new corporate entity constitutes a change of ownership.
- vi) Under Mississippi law, the removal, addition, or substitution of one (1) or more individuals as partners dissolves the old partnership and creates a new partnership. This constitutes a change of ownership.
- vii) Entering into a management agreement contract amounts to a change of ownership when it conveys a large measure of control. An example would be where the governing body of the management company or its agent has responsibility for developing and implementing policies and procedures, without the approval or concurrence of the former owner.

- viii) When a facility, once having achieved provider status, is leased in whole or in part, a change of ownership has occurred if the lessee will operate the business enterprise without substantial guidance or control from the lessor.
- ix) Transfers between departments of the same governmental entity are not changes of ownership.
- x) Transfers between different levels of government, such as city to county, state to county, etc., are changes of ownership.
- xi) Changes of ownership shall not result solely from the testamentary transfer of an interest in a facility, nor shall a transfer of any interest solely by descent and distribution under the laws of intestacy of Mississippi result in a change of ownership.

# C. Licensing Agency:

The Mississippi State Department of Health, Division of Licensure and Certification.

There shall be full disclosure of facility ownership and control. In its initial application for licensure, the facility shall disclose:

- A. The ownership of the facility, including the names and addresses of the following: all stockholders, if the owner is a corporation; the partner(s), if the owner is a partnership; or the owner(s), if individually owned.
- B. The name, address, and capacity of each officer and each member of the governing body, as well as the individual(s) directly responsible for the operation of the facility.
- C. Owner's proof of financial ability for continuous operation.
- D. The name and address of the resident agent for service of process within the State of Mississippi if the owner shall not reside or be domiciled in the State of Mississippi.

In its Application for Renewal of License, the facility shall report annually:

- A. The name and address of the owner.
- B. The name and address of the operator.
- C. The name, address and capacity of each officer and each member of the governing body, as well as the individual(s) responsible for the operation of the facility.

When any changes shall be made in the constituency of the governing body, the officers or the individual(s) directly responsible for the operation of the facility, the facility shall notify the licensing agency in writing within fifteen (15) days of such changes and shall also furnish to it a certified copy of that portion of the minutes of the governing body dealing with such change.

When change of ownership of a facility is contemplated, the facility shall notify the Division of Health Planning and Resource Development in writing at least thirty (30) days prior to the proposed date of change of ownership, giving the name and address of the proposed new owner.

The facility shall notify the licensing agency in writing within twenty-four (24) hours after any change of ownership, shall surrender its license therewith, and await issuance of its new license.
